The Old Oil Field of Humble and Its Operation is a pictorial history of the oil field in Humble, Texas, which was active from 1905 to the 1940s. With photos, narratives and drawings, Dr. Braddick describes the equipment and how it was used, how wells were drilled and oil field operations. Readers interested in Texas history, engineering and oil field equipment will have a glimpse into the past that made Humble the city it is today.

# SHC Book Club first quarterly meeting to be Jan. 27

LIBERTY - The SHC Quarterly Book Club will meet January 27 at the Sam Houston Regional Library and Research Center (SHC) in Liberty to discuss the novel *The Briar Club* by Kate Quinn. Quinn's work of historical fiction centers around a boarding house in 1950s Washington, D.C., and the various women renting rooms from the home's owner. Join the group for this fun, free and informal gathering of readers from 6-7 p.m. No membership or registration is required. Featuring fictional works with a connection to the world of museums, archives and libraries, the SHC book club is open to all and meets in the Center's main building at 650 FM 1011 in Liberty. Home to extensive archival holdings documenting Southeast Texas, a library collection and a museum, the Center offers an ideal setting for discussions about novels tied to these fields. Each meeting will be led by SHC staff. Interested participants may obtain a copy of the novels through their local library or favorite bookstore to prepare for the conversation. For more information, contact SHC staff at (936) 336-8821 or via email at [SamHoustonCenter@tsl.texas.gov](mailto:SamHoustonCenter@tsl.texas.gov). The Sam Houston Center is a component of the Texas State Library and Archives Commission and serves as the official regional historical resource depository for the 10 Southeast Texas counties of Chambers, Hardin, Jasper, Jefferson, Liberty, Newton, Orange, Polk, San Jacinto and Tyler. The Center's primary mission is to collect, preserve and provide access to historically significant state and local government records and publications of the designated region and secondarily to serve as a library of Texana and genealogical resources.
